

NovaTech Employee Onboarding Guide

First Week

During the first week, employees complete identity verification, account setup, security training, and a manager introduction.

IT Access

Employees receive email, collaboration, source-control, and internal documentation access after security training.

Equipment

Standard equipment includes a company laptop, charger, and security accessories. Equipment must be returned when employment ends.

Orientation

Orientation covers company structure, communication channels, workplace policies, and support contacts.

Manager Check-In

Managers should meet new employees during the first week and again at the end of the first month.
